

Watchpod +

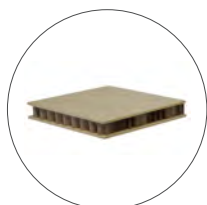

Helping to keep you safe, 24 hours a day!

Quick response to an emergency crisis is crucial to saving lives. Safespace24 has developed the Watchpod + so hospitals can respond quickly and efficiently to monitor patients safely. This solution has been carefully designed to ensure a smooth implementation and utilization. From the 60-second installation process, the quick ship lead time, and to using surfaces that can be disinfected quickly, this seamless design provides what both hospitals and patients need in a time of crisis.

**Dispensers, chart holder, garbage bin not included*
